

# Dead In The Water

If your livin on the streets  
Or livin in a prison  
You're a prodigal son of  
Capitalism  
Well the truth of the matter  
Behind the lies  
The poorer you are  
The quicker you die.

You're dead in the water  
You're dead in the water

Well it's all about the money  
And who's ass you kiss  
That's the way it was  
That's the way it is.

You're dead in the water  
You're dead in the water

When all of your dreams  
Seem out of reach  
You're like a Barracuda  
But you ain't got teeth

Well the truth of the matter  
Behind the lies  
The poorer you are  
The quicker you die.

You're dead in the water
